

Engineers Conclave-2023

An annual mega event for engineers by INAE

October 5-7, 2023

Organized by

INAE & UGC-DAE CSR

In association with

RRCAT

Partner Institutes

DAVV & IIT Indore

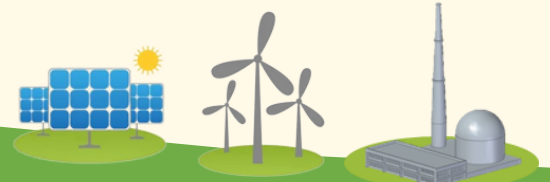

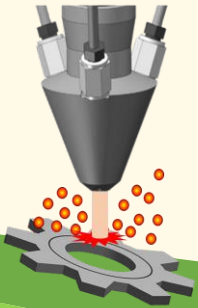

The 10th **Engineers Conclave-2023** (EC-2023) of Indian National Academy of Engineering (INAE) is being organized jointly by UGC-DAE Consortium for Scientific Research (UGC-DAE CSR) in association with Raja Ramanna Centre for Advanced Technology (RRCAT) at Indore. The Devi Ahilya Vishwavidyalaya (DAVV) and Indian Institute of Technology (IIT) Indore are the partner institutes of EC-2023. The objective of the Conclave is to provide a forum to identify issues of national importance, deliberate the same in a structured manner, and recommend the solutions with appropriate engineering interventions.

Theme I: Laser Technology for Emerging Engineering Challenges

Theme II: Engineering and Technology for Clean and Green India @2047

Highlights:

- Plenary talks by Eminent Personalities
- Parallel sessions on Theme I and Theme II
- Invited talks by Domain Experts
- Panel discussions
- Exhibition by leading Industries & Institutions
- Actionable recommendation on the conclave themes for framing national policy
